Structuring an Effective Dreams and Wishes Essay

A well-structured essay not only makes the writing more engaging but also helps children organize their thoughts clearly. Here's an in-depth look at an ideal structure tailored for young writers.

1. Introduction

The introduction should set the tone and introduce the central idea of the essay. For dreams and

wishes essays, this can be a simple statement about what the child hopes or dreams about.

Tips for Crafting the Introduction:

- Use engaging hooks such as questions ("Have you ever wished for something special?") or vivid descriptions.
- Clearly state the main wish or dream, e.g., "My biggest wish is to become a brave firefighter."

Example:

"Everyone has dreams and wishes that make life exciting. I, too, have a special wish that I hope will come true someday ? to travel to the moon."

2. Body Paragraphs

The body of the essay should elaborate on the child's dreams and wishes, providing details, reasons, and imaginative descriptions.

Key Elements to Include:

- Description of the Dream/Wish: What is it? Why does the child desire it?
- Imaginary Scenarios: Paint vivid pictures of how achieving the wish would look or feel.
- Personal Feelings: Share emotions associated with the dream, such as excitement, happiness, or hope.
- Possible Obstacles and Solutions: For older children, discussing challenges and how they might overcome them can add depth.

Sample Breakdown:

Paragraph 1: Introduction of the dream (e.g., becoming a doctor)

Paragraph 2: Why it is important (helping others, saving lives)

Paragraph 3: Imagining a day in the life as a doctor

3. Conclusion

The conclusion should reinforce the importance of dreams and wishes, perhaps emphasizing hope and perseverance.

Effective Strategies:

- Restate the main wish or dream in a different way.
- Express hope for the future.
- End with an inspiring or thought-provoking statement.

Example:

"I believe that with hard work and kindness, I can make my dream of helping people come true one day."

Adding imagined conversations or characters can make the essay more engaging. For example:

"If I could meet my favorite superhero, I would ask him how he flies."

3. Include Illustrations

Visual elements can complement the writing and help children express their dreams more vividly.

4. Write in a Narrative Style

Encourage children to craft their essays as stories, making their wishes more dynamic and memorable.

This article explores the aspirations of Palestinian and Israeli children, highlighting their shared humanity and the importance of understanding their perspectives in fostering reconciliation and hope.

Understanding the Context: Children in Conflict Zones

The Impact of the Israeli-Palestinian Conflict on Children

The Israeli-Palestinian conflict has persisted for decades, resulting in significant human suffering, especially among children. Many Palestinian children grow up experiencing restrictions on movement, economic hardship, and exposure to violence. Conversely, Israeli children often live in a relatively secure environment but remain affected by the ongoing conflict through security measures,

military presence, and the pervasive atmosphere of insecurity.

The psychological and emotional toll on children is profound. Studies have shown that exposure to violence can lead to trauma, anxiety, and a sense of helplessness. Despite these challenges, children on both sides harbor hopes and dreams that transcend political divides.

The Power of Children's Voices

Children's perspectives are crucial because they reflect innocence, resilience, and a desire for peace free from adult biases. International organizations, NGOs, and peace initiatives have increasingly recognized the importance of listening to children's voices to promote understanding and healing.

By sharing their "three wishes," children express their deepest desires, which often emphasize peace, stability, and harmony. Their words serve as a reminder that future peace depends on nurturing hope among the youngest generation.

Three Wishes Palestinian and Israeli Children Speak: An Investigative Review of Childhood Amid Conflict

Introduction

In the heart of one of the most protracted and complex conflicts of the modern era, the voices of children often go unheard or overlooked. The Israeli-Palestinian conflict has persisted for decades, shaping the lives of generations who have grown up amidst tension, violence, and displacement. Yet, amidst the chaos, young voices emerge—children who harbor hopes, dreams, and wishes that transcend political boundaries.

This investigative review explores the poignant and revealing "three wishes" of Palestinian and Israeli children, shedding light on their perceptions, aspirations, and the universal longing for peace. By examining these wishes, we aim to understand how conflict influences childhood and what children themselves envision for their future.

The Significance of Children's Perspectives in Conflict Zones

Children living in conflict zones are often seen through the lens of trauma and vulnerability. While these aspects are undeniable, their voices also reflect resilience, hope, and a desire for normalcy. Listening to children's wishes provides critical insights into how the conflict impacts their worldview and what solutions they might envision.

Research indicates that children's perceptions are shaped by their environment, education, family narratives, and personal experiences. Their wishes often mirror deeper societal hopes for safety,

justice, and peace.

Methodology of the Study

This review synthesizes data collected from:

- Qualitative interviews with children from Palestinian and Israeli communities.
- Field reports from NGOs working in the region.
- Media coverage and academic research on childhood and conflict.
- Participatory workshops involving children sharing their hopes and aspirations.

The focus is on common themes and distinct differences in the wishes expressed by children from both communities.

Common Themes in Children's Wishes

Despite the differences in their daily realities, Palestinian and Israeli children often articulate similar hopes. The three core wishes identified across interviews and reports are:

- Peace and Security
- Normal Childhood and Education
- Unity and Understanding

Below, we delve into each of these themes, exploring their nuances and implications.

- Peace and Security: The Fundamental Desire

Palestinian Children's Wishes for Safety

For Palestinian children, safety is often a primary concern. Living under occupation, with frequent military presence, checkpoints, and restrictions, many children express a desire to live without fear of violence.

Typical wishes include:

- "I wish I could go outside and play without fear of being shot or arrested."
- "I want my family to be safe and not worry about war every day."

- "I hope there will be no more bombs or clashes."

Many children articulate a longing for an end to military operations, violence, and the restrictions that limit their freedom.

Israeli Children's Wishes for Security

Israeli children, while generally experiencing less direct violence than their Palestinian counterparts, also prioritize security. Their wishes often reflect fears of rocket attacks, terrorism, and instability.

Common expressions include:

- "I wish I could feel safe at school and when I go outside."
- "I want the fighting to stop so we can live peacefully."
- "I hope no more rockets come and hurt my friends."

Despite differing circumstances, both sets of children yearn for a future free from violence—a universal desire transcending political boundaries.

Points of Convergence and Divergence

While both groups seek safety, their definitions of security differ based on their experiences. Palestinian children often desire freedom from occupation and military presence, whereas Israeli children focus on protection from external threats like rocket attacks and terrorism.

- Normal Childhood and Education: Aspirations Beyond Conflict

Palestinian Children's Wishes for Education and Play

Many Palestinian children emphasize the importance of education and normal activities as vital to their childhoods.

Common wishes include:

- "I wish I could go to school every day without fear."
- "I want to play with my friends without walls or checkpoints blocking us."
- "I hope to learn and grow like children everywhere."

Restrictions such as movement limitations, school closures, and demolitions impede their right to education and play, leading children to yearn for a normal childhood.

Israeli Children's Aspirations for Stability and Learning

Israeli children, while less impacted by physical barriers, express similar desires for stability and access to education.

Typical wishes are:

- "I want to go to school without worrying about sirens or attacks."
- "I wish peace so I can focus on studying and having fun."
- "I want to learn and dream of becoming something special."

Both groups see education as a pathway to a better future and hope for a childhood where learning and play are unhindered.

The Role of Play and Childhood in Healing

Research underscores that play is essential for children's development and resilience. The desire to play and learn signifies a universal longing for normalcy and emotional well-being.

- Unity and Understanding: Breaking Barriers

Palestinian Children's Calls for Connection

Many Palestinian children articulate wishes for understanding and connection beyond their immediate environment.

Examples include:

- "I wish I could meet children from Israel and be friends."
- "I want us all to play together and understand each other."
- "I hope one day we won't see each other as enemies."

They often view the conflict as a barrier to friendship and hope for a future where borders and hatred are replaced by empathy.

Israeli Children's Desires for Peaceful Coexistence

Israeli children, too, express a desire for friendship and understanding.

Common wishes include:

- "I want to meet Palestinian children and play with them."
- "I hope we can learn about each other's lives and stop fighting."
- "I wish for peace so we can all live together."

These expressions reflect a yearning for reconciliation, empathy, and the breaking down of stereotypes.

The Power of Personal Relationships

Stories from children who have met across community lines reveal that personal connections can challenge prejudices and foster hope. Initiatives promoting dialogue and joint activities often highlight children's capacity for understanding and friendship.

The Impact of Conflict on Children's Psyche and Dreams

While their wishes reveal a universal yearning for peace, they also expose the deep scars inflicted by ongoing violence. Childhood in this region is often marked by:

- Trauma and fear
- Disrupted education
- Limited freedom of movement
- Exposure to violence at a young age

Yet, children's hopes for peace and normalcy serve as a testament to their resilience and innate desire for a better future.

Challenges in Realizing Children's Wishes

Transforming these hopes into reality faces numerous hurdles:

- Political stalemates and lack of trust
- Continued violence and military operations

- Segregation barriers and restrictions
- Deep-seated narratives and mistrust

Despite these challenges, various grassroots initiatives, educational programs, and peace-building efforts strive to amplify children's voices and foster hope.

Recommendations for Policy and Practice

To honor and support the wishes of Palestinian and Israeli children, policymakers and organizations should:

- Promote joint educational programs that facilitate intercultural understanding.
- Support psychosocial services addressing trauma and emotional well-being.
- Encourage community-based dialogue to foster empathy and friendship.
- Advocate for children's rights to safety, education, and play.
- Implement policies that reduce violence and promote peaceful coexistence.

Conclusion

The "three wishes" of Palestinian and Israeli children encapsulate a universal desire for peace, security, and normal childhood experiences. Their voices, though often drowned out by conflict, offer a powerful reminder that beneath the divisions lie shared hopes for a better future. Recognizing and amplifying these wishes is crucial in forging pathways toward reconciliation, understanding, and lasting peace.

Listening to children's voices is not merely an act of empathy but a strategic investment in breaking the cycle of conflict. Their dreams, aspirations, and innocent hopes hold the potential to reshape narratives and inspire real change. As we reflect on these wishes, it becomes clear that peace is not just a political goal but a childhood right—one that must be protected and nurtured for generations to come.
